# SansDoleo™ *soothes pain quickly* for arthritis, stress, aches

all natural herbal spray

Your SansDoleo™ All-in-1 Spray™ is a holistic, all-natural, herbal formulation that helps to awaken and balance the natural healing centers of the body, which then helps your body to do what it does best . . . Heal Itself!

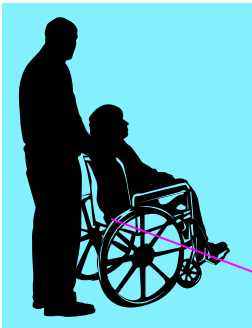

**Directions** Spray onto all aches & pains, abrasions, bug bites, itchy areas, burns, cramps, skin irritations, rashes, cracked or dry skin or lips. Often works immediately, for some it can take a few minutes, lasts 1 - 24 hours. You can safely spray into mouth, ears, nose & eyes.

**Re-apply often** and as needed, because your body may be in chronic need for the herbal energy balancing that is in your spray, so the more you initially apply, the better your results.

For stress or a headache spray under tongue, forehead, top of head (where hair swirls), top back of neck by skull, behind each ear and neck. Use creatively. Try spraying every hour for 2 - 6+ weeks to soothe chronic aches and pains. For a better night's sleep, spray as for stress or a headache and also spray temples, hands and feet.

**Safety** Nontoxic, non-stinging, odor free, child & pet safe, environmentally safe, dye free, non-greasy, hypoallergenic, anti-microbial, mouth/eye safe, tasteless, harmless if ingested.
